

THE GREATER
MANCHESTER
STEM CENTRE

SCIENCE	TECHNOLOGY
ENGINEERING	MATHS

09 March 2010

Dear Teacher

The Greater Manchester STEM Centre is pleased to inform you that this event for Year 12 students, **Technology Challenge 2010** will run throughout the week beginning 5th July 2010, at the University of Manchester.

Teams of three or four Year 12 students are given a challenging engineering, design & technology based project. The projects are provided by both national and locally based companies, each of which provides experienced members of staff to mentor the team throughout the week.

The purpose of this letter is to inform you of the opportunity to sign up one or two teams of students for the 2010 event. The event is open to students with an interest in Science, Engineering, Mathematics, and Design & Technology. For 2010 we have to introduce a charge of £20 per student. An invoice can be sent at a date which best suits your needs.

To register your team(s) for this year's event please complete the pro forma and return it to The Greater Manchester STEM Centre (details below) by 30th April 2010.

Please do not hesitate to contact us for further details. We look forward to hearing from you.

Yours sincerely

Rik Whittaker

Greater Manchester STEM Centre
